The City of Philadelphia: Child Care Facilities Fund Approved Vendors Request for Qualifications

- Adaptations to serve infants and toddlers, and to care for children up to age five during non-traditional hours
- And other improvements as approved in the application process

PHMC is accepting qualifications from independent contractors and construction firms interested in being an approved vendor, available to provide work quotes and perform work between the dates of February – June 30, 2023.

This Request For Qualifications (RFQ) is being issued to aid in the identification of available contractors who demonstrate the capacity and resources to perform the typical projects described above.

Those selected will be included on an “CCFF Approved Vendors List” with contact information (Name, telephone number, and email address) and areas of service displayed so that a child care provider can inquire with you to perform their desired project.

Those selected will be required to view a CCFF recorded webinar to learn more about the program. Those selected will also be required to follow COVID-19 safety precautions while on site such as wearing a mask and may be subject to screening if required by the child care facility.

The issuance of this RFQ does not obligate PHMC or CCFF recipients to award a contract in connection with the services sought, and PHMC and recipients of this grant may choose to contract for services from agencies which do not participate in this process. However, it is strongly suggested that entities seeking to enter into business relationships for construction services on the Facilities Fund project respond to this invitation to provide the information requested in this RFQ.

Terms and Conditions

Vendors will be selected based on their qualifications. Approved vendors must have a minimum of three years’ experience and positive references. PHMC will re-evaluate vendors at the end of the fiscal year for inclusion on subsequent listings. Approved vendors must maintain a City of Philadelphia License and Inspections contractor license, trade license if applicable, and liability insurance. PHMC reserves the right to remove vendors from the list at our discretion.
